[Cancel](#)

Now you will see that the category is created.

The screenshot shows the 'Catalogue Manager' interface. On the left, there is a sidebar with 'Catalogue Manager' at the top, followed by 'Categories' and 'Products'. The main content area has a blue notification bar at the top that says 'Category successfully added'. Below this, the title 'Catalogue' is displayed. Underneath, there is a section titled 'All Categories' which contains a table with the following data:

TITLE	PARENT	TYPE	# OF ITEMS	
Dummy Title	None	Products	0	Edit or Delete

At the bottom of the main content area, there are two buttons: 'Create Category' and 'Create Product'.

2. Adding Products:

Click on the "Products" button.

This screenshot is identical to the previous one, but with a blue rectangular highlight around the 'Products' button in the left sidebar.

Now add the Product information you would like to be displayed on the website and then click on the Save button.

Very Important:

Please remember to select the Category under which the product must be displayed!!!

Please remember to tick the Display button in order to get the product to display on the catalogue.
